

Coastal Health Alliance
Brief report to SBVA
November 4, 2017

We are reaching a position of stability regarding staffing to adequately meet the current patient demand. Stinson Beach, open on Friday only, continues to need more patients. Our nurse practitioner is **Carrie Chase**. She is here accompanied by a medical assistant and an front desk person. An offer is out to hire a medical doctor for three days per week.

October was the last meeting for our Board Chair Carol Whitman. Our current roster is:

Board Chair	Dudley Miller
Board Vice Chair	Cecelia Castaneda
Board Treasurer	John Longstreth
Board Secretary	Rob Richards
Member at Large	Ellen Christiansen

Our CEO Steve Siegel has requested Dennis Rodoni's insites on a Stinson building upgrade strategy.

As a result of the Sonoma county wildfires we took care of several displaced patients and saw an increase in respiratory complaints in our own patients.
