**Report to the SBVA - September 2, 2017**

**The National Weather Service has issued a Red Flag Warning for Marin County which currently is expected to be in place through 9:00 PM tonight.**

**A Red Flag Warning means critical fire weather conditions are either occurring now or will shortly. A combination of strong winds, low relative humidity and warm temperatures can contribute to extreme fire behavior.**

**Fire Chief Kenny Stevens asks everyone to be extra alert for signs of fire. Mt. Tam is especially vulnerable as it is overdue for a potentially devastating 100-year fire.**

**As smoke from wildfires in Northern California currently is drifting into Marin, dial 911 ONLY if you actually see signs of fire.**

**To Protect Your Home & Family During Red Flag Warnings:**

- 1.) Do not use charcoal BBQ's**
- 2.) Do not use power tools outdoors**
- 3.) Clean ALL leaves & needles from your roof, rain gutters and around your house**
- 4.) Do not drive or park on dry grass**
