Stinson Beach Village Association
P.O. Box 2014
Stinson Beach, California 94970

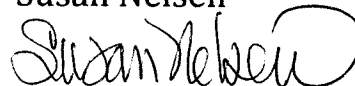

Dear Members:

As many of you know, the Stinson Beach Community Center is undertaking a project of creating a Stinson Beach Memorial. A location, design and landscape plan have all been chosen for this contemplative place where we can commemorate family and friends of the Stinson Beach Community.

We are applying for the SBVA Grant of \$500.00 to help defer the cost of buying and installation of specimen plants. This will allow us to test the viability and suitability of these plants according to the proposed landscape plans.

We appreciate your support and consideration of this application.

Susan Nelsen
